**Join us at this year's Greene County Marsh Madness Festival to learn about the Indiana Healthy Rivers Initiative and the importance of wetlands and landowner assistance programs in the Wabash River-Sugar Creek and Muscatatuck Bottoms project areas.**

## **Thousands of Acres to be Restored!**

Natural resource professionals will discuss the programs and practices you can use to contribute to the largest conservation initiative to be launched in Indiana.

Information about wetland restoration and management will be highlighted as part of the Marsh Madness Festival, an event celebrating the success of these very practices.
